Examiner's Amendment and
Examiner's Statement of Reasons for Allowance
Allowance (3/26/07)

Election/Restriction

1. This application contains claims directed to the following patentably distinct species of the claimed invention:

Species A - directed towards claims 1-16, 32-41, a golf car.

Species B - directed towards claims 17-31, a golf car with plurality of wheels.

Species C - directed towards claims 42-44, a method for manufacturing.

Species D - directed towards claims 45-60, a golf car with rear body section.

2. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, there appears to be no claim, which is generic to all species.

3. During a telephone conversation with Attorney Ussai a provisional election was made without traverse to prosecute the invention of Species A, claims 1-16, 32-41. Claims 17-31, 42-60 were withdrawn from further consideration by the

examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention. Applicant in replying to this Office action must make affirmation of this election.

4. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. Authorization for the following Examiner's amendment was given in a telephone interview with Attorney Ussai.

The claims were further amended to read as follows:

11. The golf car as set forth in claim 1, further comprising a motor and associated drive system components connected with the frame and at least partially disposed within the interior chamber of the rear body section.

Cancel claims 17-31, 42-60.

5. The following is an Examiner's statement of reasons for allowance:

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "a frame; and a composite body assembly mounted on the frame and configured to increase rigidity of the frame, the composite body assembly including; a front body section including at least two molded panels connected together so as to form a clam shell assembly; the molded panels each being formed of a fiber-reinforced polymer; and a rear body section formed of a molded fiber-reinforced polymer" in the independent claim, in combination with the

other recited limitations in claims supported by this application, which are not found in the prior art of record.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
